

## **SIELO GRANTED MANUFACTURING AND DISTRIBUTION LICENSES BY NEVADA GAMING COMMISSION**

(MONCTON, CANADA) – Spielo Manufacturing ULC (SIELO), a Lottomatica Group S.p.A. subsidiary, announced that at a public hearing on January 21, 2010, the Nevada Gaming Commission unconditionally granted Nevada gaming manufacturer and distributor licenses to SIELO, following the January 6, 2010 recommendation of Nevada Gaming Control Board.

SIELO intends to distribute its products, including the performance-driven prodiGi Vu™ cabinet, the powerful new sensys EP™ platform and a library of compelling games, in Nevada through its affiliate, ATRONIC Americas, LLC. ATRONIC Americas has held Nevada gaming manufacturer and distributor licenses to manufacture and distribute ATRONIC products since 1998. ATRONIC will maintain its licenses and continue to support its products currently operating in Nevada.

SIELO expects to introduce its products to the Nevada market in 2011 after receiving the required product approvals from the Board's Technology Division.

"This is an exciting milestone in SIELO's history, as it further validates the Company's commitment to conducting business in a

responsible manner and with the highest integrity,” **said SPIELO President and CEO Victor Duarte.**

“By holding these licenses, SPIELO will be in a position to bring its cabinets, platforms and games, which have been successfully deployed in other jurisdictions, to the strategically-important Nevada market. Casino operators in the state will see great benefits from SPIELO’s two decades of experience in delivering innovative, player-tested products,” **concluded Mr. Duarte.**
